Japanese Association for Laboratory Animal Sciences

CERTIFICATE

Prof Yoshiro Maru
President
Tokyo Women's Medical University

Dear President

In every Japanese institution under the jurisdiction of Ministry of Education, Culture, Sports, Science and Technology, MEXT, self-inspections and evaluations for the conduct of animal experiment and related activities must be verified by a third party, independent of the research institution concerned.

Japanese Association for Laboratory Animal Science (JALAS) certify that Tokyo Women's Medical University received "Assessment and Verification Program for Care and Use of Laboratory Animals in 2021".

Sincerely yours
